WATERPROOF

TUFF-DRY
PROTECTIVE WATERPROOF TEXTILES

DESCRIPTION

7205 TORO: This new lightweight safety boot is 100% Non-Metallic and scanner friendly with fully composite toe cap and midsole protection. Weighing only 640g, this is among the lightest waterproof safety boots on the market. It is developed to serve the purpose of keeping feet dry and safe in crucial circumstances. The lightweight construction makes it versatile for many different industries. The premium TUFF-DRY waterproof membrane offers breathability and moisture absorption unlike many lower quality membranes on the market that can suffocate the foot. Genuine leather upper offers resistance to wear and tear and the front scuff guard will ensure a longer lifespan of the product. Ergonomically shaped and padded ankle collar is specially developed to assist in the pedal motion when driving and allows for increased flexibility of movement. Manufactured in accordance with **ISO 9001 Quality Management** and **ISO 14001 Environmental Management** systems.

CONSTRUCTION:	Injection Moulded	INNER LINING:	TUFF-DRY Waterproof
UPPER MATERIAL:	Genuine Leather	FOOTBED:	Xtra-Lite Anti-Fatigue System
TOE CAP:	200 Joules Composite	OUTSOLE:	Dual Density Polyurethane
