DESCRIPTION

2115 REBEL: This is a no nonsense boot that offers everything you need to tackle any environment. Using stainless steel for the midsole and toe cap, this boot will not corrode under wet conditions and offers the highest level of protection. The breathable Cambrelle Lining will offer breathability in high heats but also keep feet warm in cold temperatures. Made with genuine leather upper, this water resistant boot is suitable for wet conditions. The TPU Scuff Guard offers further protection and extends the life span of the boot from harsh conditions. From the extra padding around the collar, to the foam layered footbed, this boot provides extra comfort and stops your feet from fatigue when working for long hours. Manufactured in accordance with **ISO 9001 Quality Management** and **ISO 14001 Environmental Management** systems.
