### DESCRIPTION

9551 BROOK: A new take on the classic dealer boot, with ergonomically shaped improved outsole. Using only the best safety features equipped with corrosion resistant stainless steel toe cap and stainless steel midsole protection. Ribbed kick guard on back offers durability and dual pull tabs make it easy to pull on and off. Genuine leather upper offers water resistance and keeps feet protected in wet conditions. The cambrelle inner lining provides a comfortable wearing experience creating both moisture absorption and breathability. The dual density polyurethane outsole offers slip resistance and impact absorption to help protect joints from the impact of hard surfaces. Product tested and certified to EN 20345: 2022 safety standards and slip tested to SRC for highest level of anti-slip protection. Manufactured in accordance with **ISO 9001 Quality Management** and **ISO 14001 Environmental Management** systems.
