STANDARD	EN ISO 20345: 2011
CATEGORY	S1P SRC
SIZE RANGE	UK 3 – 13
COLOUR	Black
FOOTBED	Anti-Fatigue Foam Removable

ANTI-PENETRATION

DESCRIPTION

9066 ONYX TRAINER: Thick black genuine leather with added suede for scuff resistance on the toe and heel. Among the most versatile safety trainers, this durable black uniform trainer protects from multi-hazard environments. Stainless steel is used for the toe cap and midsole protection. Dual density polyurethane sole unit offers anti-static, anti-slip SRC while also protecting against heat up to 130 C. The breathable Cambrelle lining and mesh textile allow for breathability when wearing for long periods. Offering much higher durability than most safety trainers, this is ideal for uniform wear being worn everyday without deteriorating. Manufactured in accordance with **ISO 9001 Quality Management** and **ISO 14001 Environmental Management** systems.
